

Worley Parsons

Hi Ted,

Thanks for the email follow up. I would just like to express our appreciation for the *high quality service* that we received from all the individuals involved in our recent purchase of Anchor Bolts. All of your employees showed a high degree of professionalism and handled our questions and concerns in a timely manner. Special thanks to Peter for taking ownership of our request and ensuring everything was completed on schedule.

Much thanks,

Keith.

Hi Guy's,

I'm just back from holidays and see that we had this large order placed. I was hoping to get some feed back from you on how this order was handled by the shop while I was gone. Are you completely satisfied with every aspect from purchase order to finished product? Were Peter, Sascha, and Mike always helpful and constantly updating you as to the progress of this order?

Best Regards:

Ted Geier
